GUEST SERVICES

Guest Services, located on Deck 3 Midship, provides a variety of services including general information, entertainment schedules, and information on services for Guests with disabilities.

ACCESS

Most Guest areas aboard the ship, including theaters, restaurants and shops are accessible. In some cases, such as when utilizing tender services or in Guest pools, Guests may need to transfer from their wheelchairs to utilize the facility, and this transfer may require the assistance of a member of their party. We, therefore, recommend that Guests plan to sail with someone who can physically assist them when necessary.

DISABILITY PARKING

Designated disability parking areas are available at the *Disney Cruise Line* Terminals at US embarkation ports. A valid disability-parking permit is required.

HEALTH CENTER

The *Health Center* is located on Deck 1 Forward and is accessible only by use of the forward stairs or elevators. Please note that the *Health Center* is equipped to provide first-aid and basic emergency care only, and does not have the facilities to treat children less than 12 weeks of age. Additional fees may apply.

SMOKING RESTRICTIONS

For the comfort and safety of all our Guests, smoking is permitted in designated areas only. All staterooms are non-smoking.

LAUNDRY AND DRYCLEANING

Dry cleaning, pressing and full laundry services are available aboard the ship. In addition, *Disney Cruise Line* ships are equipped with self service laundry facilities at an additional cost. Guests use their *Key to the World* cards to charge washer and dryer services as well as to purchase detergent and fabric softener. An accessible laundry facility is located on Deck 5 aft. Please inquire at *Guest Services* on board for any additional questions.

PORT ADVENTURES

One of the highlights of your *Disney Cruise Line* adventure is exploring the ports of call. Please note that many of the shops, facilities, and destinations in our international ports of call may not be accessible to Guests with disabilities. Please review the Port Adventures information which includes descriptions as well as the level of physical activity required for each excursion.

GANGWAY ACCESS

Whenever possible, *Disney Cruise Line* utilizes gangways that provide a minimal incline for embarking and debarking the ship. However, due to tidal changes, inclement weather or other causes beyond the control of *Disney Cruise Line*, there may be times where the gangway could be at a steep incline. In those instances, when possible *Disney Cruise Line* can provide assistance to the Guest to maneuver the gangway safely. When maneuvering steep inclines on the gangway the process can be difficult for a passenger with limited mobility, using a wheelchair, or mobility device. The Guest may be assisted by one or more Crew, and in some cases may be requested to transfer separately from their wheelchair/ device. In certain situations, it may be impossible for Guests utilizing a wheelchair or mobility device to utilize the gangway due to safety concerns.

The decision to assist and allow passage of a Guest using a wheelchair or mobility device via steep gangways is at the sole discretion of the Captain or his designee.

TENDERING

Whenever possible, *Disney Cruise Line* docks its ships at each port of call so that Guests may travel directly from the ship to the shore via the gangway. However, due to dock availability, inclement weather or other causes beyond the control of *Disney Cruise Line*, the ship may be unable to dock at certain ports. In those instances, Guests will be transported from the ship to the shore by use of small boats, commonly referred to as tenders. When tendering, the ship is anchored some distance from the port and tenders are used to transport Guests from the ship to shore and back. The tendering process can be extremely difficult for a passenger using a wheelchair or with limited mobility. Normally, the wheelchair must be lifted down a gangway to a platform and then transferred into the tender. Guests may have to be transferred separately from their wheelchairs. In certain situations, it may be impossible for Guests using wheelchairs to transfer to the tenders due to safety concerns.

The decision to transport a Guest using a wheelchair via a tender is at the sole discretion of the Captain or his designee.

SHOPS AND RESTAURANTS

Guests with disabilities can utilize all food and merchandise locations aboard the ship. Crew Members are available to assist Guests when necessary. At counter-service locations, Guests using wheelchairs may ask a member of their party to order and transport food or the Guest may contact a Crew Member who will provide table service for them.

Special Services Information

In order to assist *Disney Cruise Line* in addressing its passengers' special needs, Guests may notify the Reservation Department, at the time of booking, of any condition for which special accommodations and/or the use of a medical or mobility device might be necessary while onboard ship.

SPECIAL SERVICES INFORMATION FORM

Guests with special needs may submit a Special Services Form to *Disney Cruise Line* at least 30 days prior to the sailing date. Once the Form has been received, *Disney Cruise Line* will determine its ability to accommodate any special need on a case-by-case basis. Due to the limited medical facilities onboard ship and other factors, *Disney Cruise Line* may not be able to accommodate all special needs. Failure to disclose an accurate or complete description of any special needs may result in *Disney Cruise Line* not being able to provide the appropriate accommodations or arrangements.

MEDI-VAC AIR EVACUATION

Occasionally, in the event of serious medical conditions and/or due to the limited medical facilities onboard the ship, it may become necessary for a patient to be air-lifted to a nearby medical facility.

Please check with your insurance carrier to determine whether your insurance covers medical air evacuations occurring outside of the United States. If your current health insurance policy does not cover this service, it is recommended that you purchase additional medical insurance that offers air evacuation coverage (such as the Vacation Protection Plan), as the charges for this service are very expensive.

SHIP EVACUATION VIA LIFEBOATS

In the event of an emergency evacuation of the ship, Guests may have to spend extended periods of time in lifeboats where electricity and other special accommodations are not available.

MEDICATIONS

Guests should carry an ample supply of all necessary medications with them when they board the ship. Guests should pack medications and medical supplies in original containers in their carry-on bag, and not in checked luggage. Limited medications and medical supplies are available onboard in the ships' *Health Center* at an additional cost.

Upon your return to the port, please be sure not to leave any medications behind when you disembark, as *Disney Cruise Line* is not permitted to mail medications to your home.

ELECTRICAL LIMITATIONS

For those Guests requiring electrical power for medical equipment, there is an average of two 110-volt electrical outlets per stateroom with a total power capacity of 12 amps.

All equipment should have a substantial back-up power supply in the event of an emergency or power outage. Durations of power outages cannot be guaranteed.

EQUIPMENT REPAIRS

Disney Cruise Line Crew Members are not typically equipped to repair the various types of Guest personal use equipment.

Women who have entered their 24th week of pregnancy as of their embarkation date or who will enter their 24th week of pregnancy during the cruise will be refused passage due to safety concerns. Neither a physician's medical statement nor a waiver of liability will be accepted. In addition, Disney Cruise Line cannot be held responsible or liable for any complications relating to pregnancy at any stage.

This policy is in place for the safety of our pregnant Guests and their babies. While the *Health Center* onboard ship can handle many emergency situations, it is not equipped to provide critical care for premature infants or their mothers.

Mobility Disabilities

WHEELCHAIRS

Disney Cruise Line strongly advises Guests requiring the use of a wheelchair onboard ship to travel with someone who is able to personally assist them both aboard ship and on shore. Guests may need to transfer from their wheelchairs to utilize certain facilities (such as Guest pools and tenders), and this transfer may require the assistance of a member of their party.

Guests requiring the use of a wheelchair during their cruise must provide their own wheelchair prior to boarding the ship. *Disney Cruise Line* has a limited supply of complimentary beach wheelchairs on *Castaway Cay*, which are available on a first-come, first-served basis.

SAFETY REMINDER

Safety regulations require all Guest equipment-including wheelchairs, electric mobility scooters and strollers-be stored inside Guest staterooms when not in use. In those instances, when possible *Disney Cruise Line* can provide assistance to the Guest to maneuver the gangway safely. When maneuvering steep inclines on the gangway the process can be difficult for a passenger with limited mobility, using a wheelchair, or mobility device. The Guest may be assisted by one or more Crew, and in some cases may be requested to transfer separately from their wheelchair/ device. In certain situations, it may be impossible for Guests utilizing a wheelchair or mobility device to utilize the gangway due to safety concerns.

The decision to assist and allow passage of a Guest using a wheelchair or mobility device via steep gangways is at the sole discretion of the Captain or his designee.

TENDERING

Whenever possible, *Disney Cruise Line* docks its ships at each port of call so that Guests may travel directly from the ship to the shore via the gangway. However, due to dock availability, inclement weather or other causes beyond the control of *Disney Cruise Line*, the ship may be unable to dock at certain ports. In those instances, Guests will be transported from the ship to the shore by use of small boats, commonly referred to as tenders. When tendering, the ship is anchored some distance from the port and tenders are used to transport Guests from the ship to shore and back. The tendering process can be extremely difficult for a passenger using a wheelchair or with limited mobility. Normally, the wheelchair must be lifted down a gangway to a platform and then transferred into the tender. Guests may have to be transferred separately from their wheelchairs. Service Animals

Trained service animals are welcome in most locations onboard *Disney Cruise Line* ships. We recognize service animals as those that are individually trained to perform tasks for people with disabilities such as guiding people who are blind, alerting people who are deaf, pulling wheelchairs, alerting and protecting a person who is having a seizure or performing other special tasks.

While onboard our ships, all service animals must remain on a leash or in a harness and be under the control of their person or a member of the Guest's party at all times. The owner is responsible for the feeding, care and maintenance of the animal. Be advised that *Disney Cruise Line Crew Members* are not permitted to take control of service animals.

Due to the nature of some Port Adventures, service animals may not be permitted. In addition, service animals are not permitted in the pools or wet play areas onboard our ships. In those instances, a member of the Guest's party must remain with the animal. Also, service animals are not permitted to be left unattended inside the staterooms.

Guests who are traveling with a service animal must obtain the import permits from all countries which require special documents as per the country regulations. Specific information may be obtained by contacting the Department of Agriculture, consulate or embassy of the countries to determine the policies and to obtain the permits needed for each port of call on the sailing itinerary. Completed permits must be sent back to *Disney Cruise Line* Special Services Department prior to sailing and the originals are to be available from the Guest at all times during travel. Some countries may not allow animals to enter.

Entry requirements may include all or some of the following documents:

Completed up to date vaccination records issued by a licensed veterinarian, blood titer testing results, governmental International Health Certificate (APHIS form 7001) with USDA endorsement, International Standards Organization (ISO) microchip, specific country health certificate, and proof of treatment and freedom from internal & external parasites, as well as any specific country permits and forms such as an EU passport. Please be aware that some of these processes may take weeks or months to complete.

Guests traveling with a service animal should contact Special Services at 407-566-3602 or email specialservices@disneycruise.com as soon as possible for information regarding the availability of Port Adventures with service animals, arranging the relief area and to discuss required documentation

Youth Activities Participation

PARTICIPATION DETAILS

Youth Activities is open to children ages 3-17, who are completely potty trained, able to interact comfortably within our counselor-to-child ratio groups and able to interact comfortably with peers of their own physical size. Teens and tweens activities are also available in separate areas from the younger children.

EXCEPTIONS THAT PREVENT PARTICIPTATION

A child who has a contagious disease, or who shows symptoms of illness, such as fever, vomiting, diarrhea, unexplained skin rash, discharge from the nose or eyes or has any other contagious disease or illness will not be allowed to participate. A child who becomes disruptive within the group may not be allowed to participate further without a parent or guardian present.

SPECIAL REQUESTS THAT WE ARE UNABLE TO ACCOMMODATE

We are unable to accommodate children who require one-on-one care, children who need the attention of a counselor with special training, or children who need counselor-assisted medical attention. Families are encouraged to speak with the Youth Activities team onboard to determine how the Youth team and family can best work together to allow children with special needs to participate.

Opportunities for children whose needs exceed the parameters for Youth Activities participation

Disney Cruise Line offers a multitude of events and activities throughout the ship, which the entire family can enjoy together, including main stage shows, family game shows, first-run movies, deck parties and events, selected shore excursions, and activities at *Disney's Castaway Cay*. In addition, parents/guardians may accompany their child to the youth activities during Open House times throughout the cruise.

Parents may make a request with the Youth Activities team onboard for modified participation for a limited period during the cruise. *Disney Cruise Line's* ability to fulfill the request will depend upon the child's needs, the availability of counselors, program participation, and other applicable considerations. *Disney Cruise Line* cannot guarantee that special requests will be accommodated.

For 3 and 4 year olds who are not potty trained or who may interact more comfortably within a smaller adult to child ratio, parents may request that the child be accommodated in *It's a Small World Nursery*, the infant and toddler group babysitting area. The fee for this service is \$9 per hour, per child and is subject to change and based on availability.

Group Babysitting Participation

PARTICIPATION DETAILS

Group babysitting in *It's a Small World Nursery* is available to all children ages 12 weeks to 3 years of age. Please note, we do not provide babysitting in Guest staterooms.

Reservations may be made online at www.disneycruise.com in advance or anytime once onboard through the nursery. Space is limited and available on a first-come, first-served basis, based on counselor availability. In order to accommodate as many families as possible, we may limit the number of multiple requests per family.

The fee is \$9 per child per hour, \$8 per additional child per hour, and a 1-hour minimum is required. *It's a Small World Nursery* is open each evening and selected times during each day. All rates and times are subject to change and availability.

EXCEPTIONS THAT MAY PREVENT PARTICIPATION

A child who has a contagious disease, or who shows symptoms of illness, such as fever, vomiting, diarrhea, unexplained skin rash, discharge from the nose or eyes, or has any other contagious disease or illness will not be allowed to participate. A child who becomes disruptive within the group may not be allowed to participate further without a parent or guardian present.

SPECIAL REQUESTS THAT WE ARE UNABLE TO ACCOMMODATE

We are unable to accommodate children who require one-on-one care and children who need counselor assisted medical attention. Families are encouraged to speak with the Youth Activities team onboard to determine how the Youth team and family can best work together to allow children with special needs to participate.
