General Information

This information provides an overview of services and facilities available for Guests with disabilities who will be sailing on the *Disney Magic*. This booklet is intended to supplement the *Disney Cruise Line* Personal Navigator that contains additional information and entertainment schedules.

NOTICE

This information is subject to change. Once onboard, you may wish to visit Guest Services, Deck 3 Midship, for current information on accessibility and services or contact a Crew Member prior to visiting a particular location.

For information, please call Reservation Services at **(407) 566-3500 [voice] or (407) 566-7455 [TTY]**.

Accessible staterooms for Guests with disabilities may include the following:

Minimum 32" doorways	Portable TTY phone device
Refrigerators	Roll-in showers
Open bed frames	Hand-held shower heads
Captioned television	Ramped bathroom thresholds
Emergency call buttons	Fold-down shower seats
Portable hearing communication kits	Bathroom and shower grab bars

Special Reservations can also supply information about medical supply companies in the port area upon request (i.e., oxygen, wheelchairs, and motorized transport).

GUEST SERVICES

Guest Services, located on Deck 3 Midship, provides a variety of services including general information, entertainment schedules, and information on services for Guests with disabilities.

ACCESS

Most Guest areas aboard the ship, including theaters, restaurants and shops are accessible. In some cases, such as when utilizing tender services or in Guest pools, Guests may need to transfer from their wheelchairs to utilize the facility, and this transfer may require the assistance of a member of their party. We, therefore, recommend that Guests plan to sail with someone who can physically assist them when necessary.

DISABILITY PARKING

Designated disability parking areas are available at the *Disney Cruise Line* terminals in U.S. ports. A valid disability-parking permit is required.

HEALTH CENTER

The *Health Center* is located on Deck 1 Forward and is accessible only by use of the forward stairs or elevators. Please note that the *Health Center* is equipped to provide first-aid and basic emergency care only, and does not have the facilities to treat children less than 6 months of age. Additional fees may apply.

SMOKING RESTRICTIONS

For the comfort and safety of all our Guests, smoking is permitted in designated areas only. All staterooms are non-smoking.

LAUNDRY AND DRYCLEANING

Dry cleaning, pressing and full laundry services are available aboard the ship. In addition, *Disney Cruise Line* ships are equipped with self service laundry facilities at an additional cost. Guests use their *Key to the World* cards to charge washer and dryer services as well as to purchase detergent and fabric softener. Please inquire at Guest Services for accessible laundry facilities.

PORT ADVENTURES

One of the highlights of your *Disney Cruise Line* adventure is exploring the ports of call. Please note that many of the shops, facilities, and destinations in our international ports of call may not be accessible to Guests with disabilities. Please review the Port Adventures information which includes descriptions as well as the level of physical activity required for each excursion.

GANGWAY ACCESS

When possible, we dock at each port of call so Guests may travel directly from the ship to the shore via the gangway. Typically, gangways provide a minimal incline for embarking and disembarking the ship. However due to tidal changes or other causes, there may be times where the gangway could be at a steep incline. This can be difficult for a passenger with limited mobility and/or using a wheelchair or mobility device. Crew Members can provide some gangway assistance, but in particular cases may request to assist Guests separately from their wheelchair/device.

TENDERING

At times, the ship may anchor some distance from the port and use tenders (small boats) to transport Guests from the ship to shore and back. The tendering process can be extremely difficult for a passenger with limited mobility and/or using a wheelchair or mobility device. Normally, the wheelchair must be lifted down a gangway to a platform and then transferred into the tender. Guests may have to be transferred separately from their wheelchairs/devices. In certain situations, it may be impossible for Guests with limited mobility and/or using a wheelchair or mobility device to utilize the gangway or transfer to the tenders.

The decision to assist and allow passage of Guests via a steep gangway or tender is at the sole discretion of the Captain or his designee

SHOPS AND RESTAURANTS

Guests with disabilities can utilize all food and merchandise locations aboard the ship. Crew Members are available to assist Guests when necessary. At counter-service locations, Guests using wheelchairs may ask a member of their party to order and transport food or the Guest may contact a Crew Member who will provide table service for them.

Special Services Information

In order to assist *Disney Cruise Line* in addressing its passengers' special needs, Guests may notify the Reservation Department, at the time of booking, of any condition for which special accommodations and/or the use of a medical or mobility device might be necessary while onboard ship.

SPECIAL SERVICES INFORMATION FORM

Guests with special needs may submit a Special Services Information Form to *Disney Cruise Line* at least 60 days prior to the sailing date. Once the Form has been received, *Disney Cruise Line* will determine its ability to accommodate any special need on a case-by-case basis. Due to the limited medical facilities onboard ship and other factors, *Disney Cruise Line* may not be able to accommodate all special needs. Failure to disclose an accurate or complete description of any special needs may result in *Disney Cruise Line* not being able to provide the appropriate accommodations or arrangements.

MEDI-VAC AIR EVACUATION

Occasionally, in the event of serious medical conditions and/or due to the limited medical facilities onboard the ship, it may become necessary for a patient to be air-lifted to a nearby medical facility.

Please check with your insurance carrier to determine whether your insurance covers medical air evacuations occurring outside of the United States. If your current health insurance policy does not cover this service, it is recommended that you purchase additional medical insurance that offers air evacuation coverage (such as the Vacation Protection Plan), as the charges for this service are very expensive.

SHIP EVACUATION VIA LIFEBOATS

In the event of an emergency evacuation of the ship, Guests may have to spend extended periods of time in lifeboats where electricity and other special accommodations are not available.

MEDICATIONS

Guests should carry an ample supply of all necessary medications with them when they board the ship. Guests should pack medications and medical supplies in original containers in their carry-on bag, and not in checked luggage. Limited medications and medical supplies are available onboard in the ships' *Health Center* at an additional cost.

Upon your return to the port, please be sure not to leave any medications behind when you disembark, as *Disney Cruise Line* is not permitted to mail medications to your home.

ELECTRICAL LIMITATIONS

For those Guests requiring electrical power for medical equipment, there is an average of two 110-volt electrical outlets per stateroom with a total power capacity of 12 amps.

All equipment should have a substantial back-up power supply in the event of an emergency or power outage. Durations of power outages cannot be guaranteed.

EQUIPMENT REPAIRS

Disney Cruise Line Crew Members are not typically equipped to repair the various types of Guest personal use equipment.

Oxygen Policy and Delivery Procedures

Please note that carriage or uses of liquid oxygen systems or large tank system are not permitted on board *Disney Cruise Line* ships.

Due to safety and storage concerns, the types and quantity of oxygen tanks may be limited. Please contact *Disney Cruise Line* Special Services at 407-566-3602 to discuss usage needs prior to sailing.

Guests travelling with oxygen must provide their own oxygen and related equipment and are responsible for arranging delivery of their oxygen and related equipment (packaged in a secure container with each item being labeled with the Guest's name and stateroom number) to the *Disney Cruise Line* Terminal prior to 1:00 p.m. on the day of ship embarkation.

Guests who have purchased *Disney Cruise Line* hotel and sea vacations must arrange for the transportation of oxygen between the airport, their hotel and the *Disney Cruise Line* Terminal. ***Disney Cruise Line* ground transportation cannot transport oxygen; however, the Guests may carry one oxygen tank for use while on board the transportation.**

Guests are responsible for notifying their air carrier of any oxygen requirements. Guests who book their air travel through *Disney Cruise Line* and who will require oxygen on their flight should complete a Special Services Information Form as soon as possible. This information is necessary to expedite the delivery of airline tickets and airline contact information in order for the Guest to be able to make adequate arrangements with their air carrier for the use of oxygen in flight.

Guests are free to use their preferred medical supply company and are responsible for providing their own oxygen supplies.

Traveling During Pregnancy

Women who have entered their 24th week of pregnancy as of their embarkation date or who will enter their 24th week of pregnancy during the cruise will be refused passage due to safety concerns. Neither a physician's medical statement nor a waiver of liability will be accepted. In addition, Disney Cruise Line cannot be held responsible or liable for any complications relating to pregnancy at any stage.

This policy is in place for the safety of our pregnant Guests and their babies. While the *Health Center* onboard ship can handle many emergency situations, it is not equipped to provide critical care for premature infants or their mothers.

Mobility Disabilities

WHEELCHAIRS

Disney Cruise Line strongly advises Guests requiring the use of a wheelchair onboard ship to travel with someone who is able to personally assist them both aboard ship and on shore. Guests may need to transfer from their wheelchairs to utilize certain facilities (such as Guest pools and tenders), and this transfer may require the assistance of a member of their party.

Guests requiring the use of a wheelchair during their cruise must provide their own wheelchair prior to boarding the ship. *Disney Cruise Line* has a limited supply of complimentary beach wheelchairs on *Castaway Cay*, which are available on a first-come, first-served basis.

SAFETY REMINDER

Safety regulations require all Guest equipment-including wheelchairs, electric mobility scooters and strollers-be stored inside Guest staterooms or in designated public spaces when not in use. Please contact Guest Services on board for designated public areas.

Once onboard, please direct any special dietary requests to your Head Server in the full service restaurants prior to ordering each meal. Please note that *Disney Cruise Line* will use reasonable efforts to prevent introducing an allergen of concern into the food, by paying close attention during our sourcing, preparation and handling processes. However, it is ultimately up to the Guest to use discretion to make informed choices when ordering food items. *Disney Cruise Line* cannot guarantee that allergens have not been introduced during another stage of the food-chain process or even inadvertently during preparation. We do not have separate kitchens to prepare allergen-free items or separate dining areas for Guests with allergies or intolerances.

Unfortunately, Disney Cruise Line may not be able to accommodate all special dietary requests.

Service Animals

Trained service animals are welcome in most locations onboard *Disney Cruise Line* ships. We recognize service animals as those that are individually trained to perform tasks for people with disabilities such as guiding people who are blind, alerting people who are deaf, pulling wheelchairs, alerting and protecting a person who is having a seizure or performing other special tasks.

While onboard our ships, all service animals must remain on a leash or in a harness and be under the control of their person or a member of the Guest's party at all times. The owner is responsible for the feeding, care and maintenance of the animal. Be advised that *Disney Cruise Line Crew Members* are not permitted to take control of service animals.

Due to the nature of some Port Adventures, service animals may not be permitted. In addition, service animals are not permitted in the pools or wet play areas onboard our ships. In those instances, a member of the Guest's party must remain with the animal. Also, service animals are not permitted to be left unattended inside the staterooms.

Guests who are traveling with a service animal must obtain the import permits from all countries which require special documents as per the country regulations. Specific information may be obtained by contacting the Department of Agriculture, consulate or embassy of the countries to determine the policies and to obtain the permits needed for each port of call on the sailing itinerary. Copies of the completed permits must be sent back to *Disney Cruise Line* Special Services Department prior to sailing and the originals are to be available from the Guest at all times during travel. Some countries may not allow animals to enter.

Entry requirements may include some or all of the following documents:

- Completed up to date vaccination records issued by a licensed veterinarian
- Proper blood titer testing results
- Completed Governmental International Health Certificate (APHIS form 7001) with USDA endorsement
- International Standards Organization (ISO) microchip information
- Proof of treatment and freedom from internal & external parasites
- Completed specific country health certificate
- Any specific country permits and forms as required by that country

Please note that the requirements may take weeks or months to complete.

Guests traveling with a service animal should contact Special Services at 407-566-3602 as soon as possible for information regarding the availability of Port Adventures with service animals, arranging the relief area and to discuss required documentation.

Youth Activities Participation

PARTICIPATION DETAILS

The secured Oceaneer Lab/Club are open only to children ages 3-12. Activities are held in separate areas for tweens (ages 11 – 14) and for teens (ages 14 – 17). Our programs are available to children who are fully toilet trained, able to individually participate within our counselor-to-child ratio groups, and interact socially and comfortably with peers of their own age and physical size. We are unable to accommodate children who require one-on-one care, which includes counselor assisted medical attention. Additional participation guidelines and restrictions may apply and are established to provide a safe and secure youth entertainment environment. Open House hours are available so the entire family can join the fun and participate together. Families are encouraged to speak with our Special Services team pre-arrival at 407-566-3602 to discuss any questions or clarify these guidelines.

EXCEPTIONS THAT PREVENT PARTICIPTATION

A child who has a contagious disease, or who shows symptoms of illness, such as fever, vomiting, diarrhea, unexplained skin rash, discharge from the nose or eyes or has any other contagious disease or illness will not be allowed to participate. A child who becomes disruptive within the group may not be allowed to participate further without a parent or guardian present.

SPECIAL REQUESTS THAT WE ARE UNABLE TO ACCOMMODATE

We are unable to accommodate children who require one-on-one care, children who need the attention of a counselor with special training, or children who need counselor-assisted medical attention. Families are encouraged to speak with the Special Services pre-arrival at 407-566-3602 to discuss any questions.

Opportunities for children whose needs exceed the parameters for Youth Activities participation

Disney Cruise Line offers a multitude of events and activities throughout the ship, which the entire family can enjoy together, including main stage shows, family game shows, first-run movies, deck parties and events, selected shore excursions, and activities at *Disney's Castaway Cay*. In addition, parents/guardians may accompany their child to the youth activities during Open House times throughout the cruise.

For 3 year olds who are not potty trained or who may interact more comfortably within a smaller adult to child ratio, parents may request that the child be accommodated in the nursery, the infant and toddler group babysitting area. The fee for this service is \$9 per hour, per child and is subject to change and based on availability.

Group Babysitting Participation

PARTICIPATION DETAILS

Group babysitting in the nursery is available to children up to 3 years of age. Please note we do not provide babysitting in Guest staterooms.

Reservations may be made online at www.disneycruise.com in advance or anytime once onboard through the nursery. Space is limited and available on a first-come, first-served basis, based on counselor availability. In order to accommodate as many families as possible, we may limit the number of multiple requests per family.

The fee is \$9 per child per hour, \$8 per additional child per hour, and a 1-hour minimum is required. The nursery is open each evening and selected times during each day. All rates and times are subject to change and availability.

EXCEPTIONS THAT MAY PREVENT PARTICIPATION

A child who has a contagious disease, or who shows symptoms of illness, such as fever, vomiting, diarrhea, unexplained skin rash, discharge from the nose or eyes, or has any other contagious disease or illness will not be allowed to participate. A child who becomes disruptive within the group may not be allowed to participate further without a parent or guardian present.

SPECIAL REQUESTS THAT WE ARE UNABLE TO ACCOMMODATE

We are unable to accommodate children who require one-on-one care and children who need counselor assisted medical attention. Families are encouraged to speak with the Special Services pre-arrival at 407-566-3602 to discuss any questions.
