DAY AT SEA

## Disney's Believe

Genie from Aladdin and many of Disney's most-beloved magic makers take a father on a magical journey to show him that anything is possible if you just believe.

WALT DISNEY THEATRE  
DECKS 3 & 4, FORWARD

3:00 p.m., 6:15 p.m. & 8:30 p.m.

Assistance available at the entrance to the Walt Disney Theatre 30 minutes prior to show time.

## Disney Fantasy Fun Facts

While the cute baby elephant, Dumbo serves as a fantastic stern character, in real life he would have to gather 24,266 other adult male African elephants to match the weight of the Disney Fantasy.

A "light point" is shipbuilders' lingo for anything that's a light. There are approximately 80,000 light points on the Disney Fantasy – "double the normal number for a ship this size," according to Meyer Werft, the shipyard in Germany where the Disney Fantasy was built. The large number is the result of Disney's flare for theatrical experiences – accomplished primarily with LEDs and other "environmentally friendly" lighting.

Looking upward in the ship's Lobby Atrium brings Guest's eye-to-crystal with a glowing piece of "Art Nouveau-inspired jewelry" – a cascading chandelier flowing downward from a massive stained-glass flourish on the ceiling in peacock hues of greens and blues. The chandelier itself is more than 10 feet in diameter, a one-of-a-kind work of art evoking a peacock in stained glass and more than 60,000 clear Swarovski crystal beads.
