## *Welcome To Villefranche, France*

Villefranche is located in the south of France overlooking the Mediterranean. It is the gateway to the French Riviera including Nice (pronounced "niece"), known for its long promenade along the coast and its open markets; the historic town of Eze; Cannes, famous for hosting the international film festival; and the principality of Monaco.

Villefranche was originally founded by the Greeks in the fourth century and taken over by the Romans in the second century. Upon the decline of the Roman Empire, Nice was under Italian rule.

In the 19th century, King Immanuel III sold Nice to Napoleon III. Once Nice became a French territory the railway was extended from Marseilles, and residents would begin to travel for leisure to this picturesque seaside village.
