Puerto Vallarta

Port Information

Spanish explorers first landed on the shores of Banderas Bay during the 16th century.

The area became known as a safe haven for ships to find shelter from pirates and stock up on needed supplies such as food, water and firewood.

In 1918, The Montgomery Fruit Company was established north of Vallarta. The company transformed 70,000 acres into banana plantations used for exportation.

A railroad was built to bring the product from the farms to the coast and the area saw a tremendous amount of growth.

The area got its first taste of tourism in the 1930s when those who visited the area kept returning year after year.

Each year the number of tourists grew as word of the area's beauty and tranquility spread.

By 1950 the area was known internationally, but it wasn't till the release of the film *The Night of the Iguana* (filmed in 1963) that tourists flocked to the area which was officially established as a city in 1968.

Tune in and rock with us at this family dance party! Spread the word, there will be cool music, new dances, contests and a chance to win great prizes.
