Welcome to Juneau

Originally, Juneau was a fishing outpost for local Tlingit Indians until gold was discovered by Chief Kowee of the Auk Tlingit Tribe in a creek off the Gastineau Channel. The Chief provided gold ore samples to George Pilz in return for blankets and work for his tribe and agreed to lead prospectors Richard Harris and Joseph Juneau to the find. The City of Juneau is located on the Inside Passage of Southern Alaska's panhandle and is located in a rainforest. Downtown Juneau is nestled at the base of Mount Juneau that soars almost 4,000 ft. The largest capital in the United States (by land size), Juneau is 3,248 square miles.

Alaska is the only state whose capital city is accessible only via ship or air; no roads connect Juneau to the rest of the state.
