Welcome to Ketchikan

Ketchikan was originally established as a fishing camp back in 1883, when a salmon saltery was built by a man named Snow. The city became an important mining supply center following the discovery of gold and copper in the region.

To support the growth of the city, the logging industry began to flourish.

Ketchikan Spruce Mills started operation in 1903 and the city became the hub for logging activities and supplies. The mill operated for over 70 years.

Today, the economy is based on tourism and fishing and the city is known as the "Salmon Capital of the World." Ketchikan is located in Southeast Alaska on Revillagigedo Island along the Tongass Narrows, at the foot of 3,000-foot Deer Mountain. Ketchikan is only accessible by boat or plane.
