Welcome to Basseterre, St. Kitts

St. Kitts is one of the Leeward Islands in the Lesser Antilles. It is situated about 1,300 miles southeast of Miami, Florida. The land area of St. Kitts is about 65 square miles; being approximately 18 miles long and on average about 0.5 miles across.

The island boasts lush tropical rainforests that surround the dormant volcano, Mount Liamuiga (known locally as Mt. Misery), which make it famous for eco-tourism.

The history of St. Kitts is rooted in the numerous battles that were waged for its control. In 100 BC, the Saladoid people settled the region, followed by the Igneri in 800 AD. Around 1300 AD, the Kalinago tribe named the place "Liamuiga" or "fertile island."

The arrival of Christopher Columbus in 1493 heralded the beginning of a near 300-year power struggle between England, France and Spain for control of the West Indies. During this time, tobacco and sugar were the main exports of St. Kitts.

Important information regarding disembarkation procedures for your journey home will be covered in this debarkation briefing. The broadcast will be shown continuously on channel 24-2 of your stateroom television for your convenience.
