Grand Cayman Port Information

The Cayman Islands were first sighted by European explorers in 1503, in a wayward voyage headed by Christopher Columbus. Though the two smaller islands were discovered on this fateful trip, the largest of them, Grand Cayman, would escape attention by sailors until 1655, when the area was claimed by the British.

For centuries from the time of their discovery, the Cayman Islands would provide a place for ships to come ashore and rest on their journeys into the Caribbean. Crewmen on these ships would routinely replenish themselves on the meat provided by the native population of turtles. By the 19th century, Grand Cayman was overtaken by pirates.

It would take political upheaval and the establishment of a local government under British rule to transform the island into what it is today. Discover a place that—once a welcome refuge for buccaneers—is today a treasured tourist hotspot. From sparkling surf to the bounty of local shops, whatever your pleasure, you'll find it here.

AT ANCHOR: Please refer to your tendering letter.

The Ship will anchor outside of the port and guests will use tender boats to proceed ashore and to return. This is a continuous service and guests with special needs/disabilities who wish to go ashore should check with Guest Services for accessibility of the tendering service and the port facilities.
