**Addendum to the Disney Cruise Line Cruise Contract and Conditions of Carriage relating to the Disney Cruise Line Navigator App**

If available on your Vessel, each Guest will have the opportunity to use Onboard Chat, a text messaging feature in the Disney Cruise Line Navigator mobile application (the "Mobile App"). The primary Guest on each reservation has the ability to allow children under 13 years of age in the primary Guest's stateroom to use Onboard Chat by providing the Activation PIN to such children to enable access. Children under 13 in your stateroom will not have access to Onboard Chat unless you, the primary Guest, provide them with the Activation PIN. You may withdraw your consent at any time through the child's contact details page in the Onboard Chat section of the Mobile App, even if you have already provided a child with the Activation PIN. You understand and agree that, by providing such Activation PIN to a child under 13, you are giving the child permission to send and receive Onboard Chat messages with other Guests within the DCL-GUEST on-ship network. While children will only need to disclose their assigned Onboard Chat number and Onboard Chat name to other Guests in order to send and receive Onboard Chats with those Guests, it is possible that children may reveal personal information about themselves in the Onboard Chat messages. Because Onboard Chat will enable children to freely chat with other Guests, we encourage you to monitor and supervise children's Onboard Chat conversations. You may, for example, want to set rules for children about whom they can connect with, what general discussion topics are allowed, and what personal information, if any, is appropriate to share. For more information about our privacy practices, you may view our privacy policy at [disneyprivacycenter.com](http://disneyprivacycenter.com).
