Welcome To Kuşadası, Turkey

Kuşadası, which means “bird island,” is situated on the west coast in the gulf of the Aegean region of Turkey. The ruins of ancient Ephesus are located approximately 8 miles from Kuşadası.

A trip to Ephesus is a must. It's the best-preserved ancient city in the Eastern Mediterranean and a magical place that enralls even those who normally find rubbernecking around ruins a bore.

Visit the House of the Virgin Mary, located atop Nightingale Mountain (Bulbul). It's a humble, one-story brick house that, by myth, is supposed to be the place where she spent her last years. Discovered in 1880 by a German nun with a vision, the house has been visited by countless folks on pilgrimages, including two popes.

Sometimes included with an Ephesus tour is an excursion to the Basilica of St. John. Many believe that St. John spent his last years near Ephesus and was buried in the area. The small church built over his grave site in the 4th century was turned into a basilica in the 6th century.

To discover “old” Kuşadası, just head north along the shop-lined and pedestrianized main street (Barbaros Hayrettin Caddesi), and when you reach the top, it's easy to get directions to the main market and the ancient Kaleici neighborhood. It's a network of narrow streets crammed with bars, restaurants and atmosphere. You can even sample a hamam, or Turkish bath.
