Key West Port Information

The U.S. government acquired Key West from Spain in the early 1800s. During those days, most of the isolated islanders made their living as wreckers and pirates, diving for the booty from ships that wrecked on the coral reefs offshore.

In the early 1930's Key West was recognized as a resort town and hotels, restaurants, bars sprang up around the island. For about 6 months business was wonderful until a hurricane tore up the railroad and rendered the island helpless.

The State of Florida and the Federal Government took over and began the work of rehabilitation, particularly directed toward development of tourist facilities and attractions.

The number one business here is tourism and a laid back kind of fun. But only in Key West does the sun shine the brightest when it sets.

Everyone gathers for the never planned, always varied Sunset Celebration on the Mallory Dock. Once the sun is safely tucked away by jugglers, mimes, musicians and street artists, the city moves to a different beat.

Debarb Talk Broadcast

Important information regarding disembarkation procedures for Miami and your journey home will be covered in this debarkation briefing. The broadcast will be shown continuously on channel 22-2 of your stateroom television for your convenience. (En Espanol - Canal 22-4)
Thank you in advance for completing your comment card.
