San Juan Port Information

With its cobblestone streets, brightly colored buildings and a history that stretches back to the Conquistadors, San Juan is a popular tourist destination. The oldest city under U.S. jurisdiction, it offers a warm climate throughout the year, with temperatures sizzling in the summer. Mountains cover over half of the island terrain, but the geography of Puerto Rico also includes rain forests, deserts and caves.

Old San Juan is the oldest settlement within Puerto Rico and is the historic colonial section of San Juan, Puerto Rico. In 1508, Juan Ponce de León founded the original settlement. In 1509, the settlement was abandoned and moved to a site which was then called "Puerto Rico" (meaning "rich port"). In 1521, the name "San Juan" was added, and the newer settlement was given its formal name of "San Juan Bautista de Puerto Rico."

Prior to the 19th century the area outside the city walls occupying the east side of Old San Juan was almost uninhabited. In 1865, the government of San Juan approved a resolution promoting the city expansion across the land of Puerta de Tierra. In 1897, the demolition was officially started and by 1899, the population of Puerta de Tierra had risen to 5,453 while the area comprising the old city had a population of roughly 18,000.
