Treasures: Pool & Refreshments

While you will find many great experiences in Nassau, there's also your region of tropical bliss, including sunbath and activities involving water in the area. As in any large city, you'll want to take some basic precautions to make the most of your time afloat.

- Be aware of your surroundings at all times, just as you would in your normal daily activities.
- Avoid short cuts, narrow alleys or poorly lit areas. We recommend that guests only visit the designated swimming areas and other water locations.
- Leave valuables in your room safe and avoid carrying large amounts of cash. Exercise caution when using ATMs. Cameras and handbags should be carried out of sight and secured to your person with a strap.
- Leave an appropriate tip and enjoy your excursion to your room safe. When going ashore, each adult is required to carry a Disney license, passport or other government-issued photo ID.
- If traveling by boat, we only licensed our operators.
- In general, use the same level of precaution you would use in any water destination.
- Most cruises are easier to contract to dark water areas. You should stay out of these types of areas and consider returning to the ship before twilight. If you stay out at night, please be extra vigilant about your personal safety.
