Iron-On T-shirt Art

1 of 3 cool designs!

What you will need:

- Inkjet iron-on printer transfer paper
- Light color t-shirt
- Iron

Instructions:

Print out the second page onto iron-on transfer paper. Follow all manufacturer instructions, checking your print and paper settings. Remember to print in “mirror-image” mode if the manufacturer’s instructions require it for proper application. Cut out the design as close as possible to the edge.

Note: Cutting and ironing should be done by an adult.
