FLORENCE OVERVIEW

Founded by the Romans in the first century B.C., Florence began its rebirth after the decadence of the barbaric ages, in the Carolingian period, and reached its highest pinnacles of civilization between the 11th and 15th centuries, as a free city, balancing the authority of the Emperors with that of the Popes, overcoming the unfortunate internal dispute between Guelfs and Ghibellines.

In the 15th century, it came under the rule of the Medici family, who later became the Grand Dukes of Tuscany. This in fact was the period when the city was at the height of its glory in art and culture, in politics and economic power. The Grand Duchy of the Medicis was succeeded, in the 18th century, by that of the House of Lorraine, when in 1860 Tuscany became part of the Kingdom of Italy of which Florence was the capital from 1865 to 1871. In this century, the city has once more taken up its role as an important centre for culture and the arts.

Capital of the region of Tuscany, Florence has a population of around half a million inhabitants, spreads on the banks of the Arno, between the Adriatic and the Tyrrhenian seas, almost in the middle of the Italian peninsula. It is a city which bustles with industry and craft, commerce and culture, art and science. Being on the main national railway lines, it is easily accessible from most important places both in Italy and abroad. The climate is temperate but rather variable, with breezy winters and hot summers. The Chianti area, between Florence and Siena, is one of the most beautiful countryside's in Italy and a famous wine production area.

Travel Safety Tips

As in any tourist destination, you will want to take some basic precautions to make the most of your time ashore.

- Be aware of your surroundings, especially in crowded areas.
- Avoid wandering from the main shopping and tourist areas into unfamiliar territory. If venturing out independently, have a plan, use only licensed taxi operators.
- Leave your valuables in your stateroom safe and avoid carrying large amounts of cash. Exercise caution when using ATMs.
- Cameras and handbags should be carried close to your body or concealed out of sight. People who carry handbags or backpacks are particularly vulnerable to purse snatchers on scooters.
- When going ashore, each adult and child is required to carry a passport or other government-issued photo ID. – Note: Some ports may require Guests to carry passports ashore.
- In general, use the same level of precaution you would use in any tourist destination.
