Safety Ashore Information

While you will find many great experiences ashore, please remain vigilant about your personal safety and the safety of your belongings. As in any large urban tourist destination, you'll want to take some basic precautions to make the most of your time ashore.

- Be aware of your surroundings at all times. Avoid short cuts, narrow alleys and poorly lit streets.
- Avoid wandering from the main shopping and tourist areas into unfamiliar territory. If venturing out independently, have a plan, use only licensed taxi operators.
- Identity/Credit Card theft can occur anywhere. Please remain vigilant in monitoring the safe keeping of your personal information.
- Leave valuables in your room safe and avoid carrying large amounts of cash. Exercise caution when using ATMs. Cameras and handbags should be carried close to your body or concealed out of sight.
- Leave air transportation tickets and other travel documents in your room safe. When going ashore, each adult is required to carry a Driver's license, passport or other government-issued photo ID. – Note: Some ports may require Guests to carry passports ashore.
- Most crimes are easier to commit in dark unlit areas. When going ashore at night, please be extra vigilant about your personal safety.

BAIE COMEAU

Located in the heart of the Manicouagan-Uapishka World Biosphere Reserve, Baie-Comeau is your gateway to spectacular natural splendor in a vast back country wilderness. Observe marine mammals in the clear waters offshore and enjoy activities and attractions like the Drakkar (the Major Junior Hockey League team), Jardin des glaciers, and the giant power dams along Route 389. Baie-Comeau has long been a magnet for hunters and anglers, and is also a cultural centre and host to an annual painting symposium renowned throughout Québec and Canada. But above all, Baie-Comeau is a friendly community that loves to lay out the welcome mat.

The city is named after the adjacent Comeau Bay, which is named in honor of Napoléon-Alexandre Comeau, a Québécois naturalist. The oldest part of Baie-Comeau is the area known as Vieux-Poste (Old Post) near the mouth of the Amédée River where in 1889, the Saint-Eugène-de-Manicouagan Mission was founded by Eudists. In 1898, the first sawmill in the Côte-Nord region was built there by the brothers Damase and Henri Jalbert, but it closed in 1907 after their timber stock was swept into the St. Lawrence. In 1916, Route 138 was extended to Saint-Eugène-de-Manicouagan and in 1929, its post office opened with the English name of Comeau Bay.

Baie-Comeau itself (the eastern part of the current town) was founded in 1936 when a paper mill was constructed by Colonel Robert R. McCormick, publisher of the Chicago Tribune. Experiencing remarkable growth, the Town of Baie-Comeau was incorporated the following year. The area continued to see economic development with the establishment of the hydro-electric power stations on the Manicouagan and Outardes Rivers beginning

with the Chutes-aux-Outardes Station in 1952, an aluminum smelter in 1958, and grain warehouses (the largest in Canada) in 1959.

In 1950, the village of Saint-Eugène-de-Manicouagan was incorporated as the Municipality of Hauterive. In June 1982, Hauterive was merged into Baie-Comeau, taking effect on January 1, 1983.
